Wedding dress

Shirt, dress, garment

Home textile (curtain, bedding, pillow)

Bag, luggage, lining

Towel, umbrella, lingerie

Interlining, lining

Other sewing projects

Exported to USA and European markets for over 10 years.

Production & Quality Control

Factory operates rapier looms, air jet looms, and jacquard weaving machines for in-house production.

Internal inspection procedures are implemented at both greige and finished fabric stages.

Strong development and quality control capabilities; we can produce custom designs and colors per client request.

Combed yarn used for improved hand feel and fabric consistency.

Customization

Accept any color and design per client requirement.

Color swatch approval recommended before bulk production.

Minimum order quantity: 3000 m per design/color.

FAQ

Q: Can I request a fabric sample before bulk order?

A: Yes, sample delivery takes approximately 15 days after design confirmation.

Q: What payment terms are available?

A: L/C or T/T in advance.

Q: Is the fabric Oeko-Tex certified?

A: Yes, current certification covers Oeko-Tex Standard 100 (contact for certificate details and validity).

Q: Do you provide custom color matching?

A: Yes, we can produce any color upon request; color swatch approval is recommended.

Q: What is the typical lead time for bulk orders?

A: Around 25 working days for confirmed bulk orders, depending on quantity and design.

Q: What is the recommended application for 210 gsm fabric?

A: 210 gsm is a medium weight suitable for apparel (shirts, dresses), home textiles (curtains, bedding), and light upholstery (chair covers). For heavy upholstery, please consult our technical team.

Q: Do you provide technical test reports (shrinkage, color fastness, etc.)?

A: Yes, please contact our sales team for detailed test reports upon request.

Note: For specific inquiries regarding technical parameters not listed, please contact our sales team.
